GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 88 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

LITTELL'S LIVING AGE,
E. LITTELL & CO., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but whilethus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Atheneum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.
J. Q. ADAMS."

From the Boston Chronotype.

Consumption is the great curse of our northern atitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy.—It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey, and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

☞WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or, oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each Box.

NEWPORT,

BY CRANSTON & NORMAN,

127 Thames Street.

THURSDAY MORNING, OCT. 31 1850.

☞James Atkinson relieved himself, yesterday, of a small nauseating dose, through his little 7 by 9 Factory Girl's Gazette. With his usual sneaking pretension, he undertakes to abuse us, and to manifest supreme indifference in regard to everything which we may say and even asserts that we are at liberty to fill our paper with matter concerning him every day in the week. We are well aware that this is just what the puppy wants, in order to bring himself into notice, for he will never come before the public in any other mode; trusting to his own merits would be a far more difficult operation, in this respect, than crossing the Atlantic safely in a skiff. This fellow does not reply to our charge of larceny against him, in any manner whatever, except to say that we have wilfully misstated and perverted the facts; and adds, that if the public want to know what the real facts are, if they will have the kindness to come up to his office, he will explain the whole matter most satisfactorily to them.—Well, this is remarkable, very. We have openly charged this Atkinson with opening our private letter, and appropriating its contents to his own use.—This is the charge, and he does not deny it—he cannot deny it, for it is as true as that he is in existence this moment. When he says that we have misstated and perverted the facts, he wilfully lies, maliciously designing to deceive the public. We call upon him to deny our charge—we boldly defy him to do so,—and if he dare come before the public with a stout denial of the charge, we will brand him as a liar by the most positive and unquestionable proof. Come out, rascal, with a denial of our charge, or else keep your peace, and let your mouth remain sealed with an infamous lie, while your soul is tarnished with the moral turpitude of opening our letter, and feloniously appropriating its contents to your own use, as your paper of Monday shows, for Mr. Newton handed you our letter, and your own son delivered it to us from you.

As this fellow intimates that we quarrel with every one, and abuse every one in our columns, we have only to say that there are not more than half a dozen men in town with whom we are not on good terms; and these are instances where we have been injured by these men. We desire to be at peace with all the world; yet, at the same time, we permit no man, we care not who he is, or what his position in the world may be, to abuse us or trample upon us,—and if any man attempts this, although he may be a giant, intellectually and physically, we shall always handle him as if he was the most insignificant pigmy. All who treat us with the courtesy which is due from one gentleman to another, will always receive the same consideration at our hands. This is a matter, however, which this Atkinson cannot comprehend.

In order to show with what grace such a charge comes from this fellow, we will give a brief sketch of his life, so far as to show what his relations have been with gentlemen who have been connected with the press, in this town, for the last twenty-five years.

In the first place, he has had opportunities to prosper in business, with the aid and assistance of friends, such as is allotted to but few men, in this crowding world; these he has abused, and now he is reaping the fruits of his folly. For a period of twenty years, he had almost the entire control of the newspaper business in this town; to be sure, there were other offices here, but he then did the bulk of the business, taking his own time for it, and charging his own prices for his work. He felt himself to be the Napoleon of the press in Newport, and in consequence of this, he acquired a strutting propensity, quite like a spruce young rooster, which he retains to this day, excepting that it has been a little reduced by his recent operations in Lowell, about which he is particularly cautious to say nothing, as he probably is not ambitious to have his adventures in that place talked about much,—and we cannot blame him for this. Having this control of things here for so many years, he actually imbibed the silly idea that no one could publish a newspaper, and that no one could execute job-work, except himself; indeed, he felt that the ground was his own, and that no one had any right to intrude upon it. Holding this monopoly, he treated all who were in the same business here, with the utmost contempt. To begin, then, with illustrations. Twenty-five years ago, he published the Rhode Island Republican, with William Read; he left him with no very pleasant feelings, under the pretence that he was going into an office in Boston. The first that Read knew, Atkinson started his new paper here after this he was at war with Read. Read sold out, and the paper passed into the hands of Francis B. Peckham, who had been an apprentice under Atkinson & Read; this was in March, 1832; Peckham held the paper eighteen months, during all which time Atkinson carried on a furious personal war against him. The paper then passed into the hands of Charles B. Peckham and Dubois, of New York; they held it about a year, and Atkinson was at war with them. Frank Peckham then took it again, and Atkinson renewed the war upon him. Peckham then sold to Callahan & Tilley, upon whom Atkinson made war, and with whom he continued to be at war, so long as they held the paper. He was not on terms with either of the elder Barbers, and he is not on terms now with our friend and neighbor, Lee Barber, of the Mercury. He was not on terms with O. F. Jackson, and he is not on terms with us. This is a brief sketch of the social relations of this man Atkinson with all the gentlemen who have been connected with the press in Newport, for the last twenty-five years; and this is the fellow who insinuates that we are abusing him, as we do everybody else. Let the public judge of his virgin amiability. We repeat that we never quarrel, if we can help it; but when we do, it is done with earnestness, spirit and zeal. We rebuke sin and corruption wherever it exists, and we denounce arrogance, selfishness and all such wickedness, particularly as illustrated in the case of Atkinson.

The Messrs. Newton do not and cannot explain away his conduct, as he *presumes* they can; they can only corroborate our charge, that he, Atkinson, opened our letter, and appropriated its contents to his own use. The charge speaks for itself, and cannot be explained. His whole squib is in keeping with the man. He is like a boy who fires a pop-gun, and then dodges behind a fence; *his* fence is his supposed dignity, but it is a very gauzy protection. He is sneaking about evenings, when it is dark, whining like a dog with sore ears, pleading poverty, and endeavoring to obtain work from us; but he cannot succeed. He has had his day, and must now pass away, and be numbered among the things which have been; as the ancient Napoleon of the press in Newport, he must rest in his St. Helena exile, and, like the great Napoleon, chafe out his existence.

Before this he has attempts to vilify honest men, and to traduce characters which are as far superior to his own, as effulgent light is above turbid darkness, let him go to Lowell, among his honest creditors, and make atonement for his extravagance and folly. Let him show himself there once more, and we can assure him a reception almost as enthusiastic as that which is every where given to Jenny Lind, although it will be given with a different feeling; they will provide him with quarters, free of expence to himself,—and not permit him to take his departure again as sneakingly as he did the last time he left there.

He talks about our trying to draw him in collision with us. Does the ridiculous fool suppose that we are so deficient in taste as to be willing to have a mass of loathsome corruption in human form, utterly devoid of brains, attached to us or brought in connection with us, in any way? The little stuff which he has, *called* brains, lies in the simplest part of his pantaloons, and if a man should boot him, his brains would be demolished at once.

He pretends that we have no pretext for what we have said; on precisely the same principle would he urge that we had no cause for complaint should he put his hand slily into our pockets and help himself to $100. The cases are precisely similar. The letter was our property, and, for the sake of the argument, allowing that he did not see the direction until after the matter was set up and in the form, which, by the way, we do not beleive one word of, because the direction was in a full, bold, plain hand-writing,—even in that case, he had no right to use the contents; so that he is guilty, even on his own admission, because, by that, he knew the property was ours sixteen hours before his sheet came out.

Had the letter not been our property, he would never have sent it to us, as a matter of favor; such is *not* the character of the man. No such generous impulses ever throb in his narrow and contracted heart. We know this James Atkinson well; we have summered him and wintered him, in years gone by, and we thoroughly comprehend the material which he is made of; a more selfish man, though full of blarney, never existed,—and, what is worse, he is as vindictive as he is selfish. All who have ever been connected with the press, in this place, could bear us out in this assertion, if it was necessary.

In conclusion we have only to say that handling this Atkinson is a dirty job, at best; but we had it to do, and we have discharged our duty, and we now leave him with a farewell denunciation; we pronounce him an unmitigated scoundrel, a lying rascal, an ungrateful whelp, in whom confidence cannot be reposed, in whom truth does not exist, in whom honor never had a resting place, for he opened our private letter, appropriated its contents to his own use,—and, then attempts to evade our charge of the act, by presumptive possession of integrity, and yet is too much of a coward fully to deny it, because he knows that by an open denial of our charge, we will nail the lie in his guilty throat.

The General Assembly commenced its October session at East Greenwich on Tuesday. The General Treasurer made his semi-annual Report; a number of Petitions were received and referred to the appropriate committees, after which an adjournment was had to Wednesday morning. The Senatorial question will probably be disposed of today.

☞Engine Companies No. 2 and 5 had a trial of strength and capability, yesterday afternoon; we were not present, and consequently cannot give the result of the test.

An expressive Obituary.—The following, which we copy from an Eastern paper, is one of the most concentrated obituary notices we have read for a long time. With the exception of the name, occupation and residence of the deceased, the article is copied entire:

"He was a native of Massachusetts, and weighed 250 pounds."

☞Judson J. Hutchinson has been removed from the Worcester Asylum to his home in Milford, N. H., where his health, both of body and mind, has become much improved. His friends all hope that he will soon be perfectly restored.

Resignation of Hon. S. S. Wilde. We learn from the Salem Gazette that the Hon. Judge Wilde, in consequence of increasing indisposition, has communicated to the Governor his resignation of his seat upon the bench of the Supreme Judicial Court. Judge Wilde has held the office for thirty-five years, longer than any other individual in the State has ever held that office. He is just on the verge of his 80th birth day; and he has retained to the last moment of his official duties all the intellectual vigor of youth. No Judge has ever been more distinguished for dispatch of business, quickness of perception, and legal ability.—*Boston Journal.*

☞The Syracuse Star states that the insanity of Judson Hutchinson, was caused by mesmerising. After a concert in Cleveland, the Hutchinson happened to come in contact with Dr. Abner Howe, who is practising in Cleveland, *animal magnetism*. Until this time, Judson Hutchinson, was perfectly sane.—He was magnetised by this Howe, and came out from under his hands a raving maniac, and has continued so ever since.

Bennet, of the New York Herald, is blackguarding Barnum. One of his contemporaries lets us into the secret of his spite: 1st, Barnum won't pay black mail, and 2d, Jenny Lind slightly snubbed Mrs. Bennett, who was officiously introducing herself on her acquaintance. The milk in that cocoa nut is plain enough.

Old Whitey. This famous war-charger, used by General Taylor in most of his celebrated battles in Mexico, passed through Harrisburg in a canal-boat on Sunday last, on his way to the West. He was visited, says the Telegraph, by hundreds of citizens, and generally seemed pleased with their attentions. The old fellow was pronounced to be about 15 years old, and has what are called "glass eyes." At Columbus, where he arrived in the cars, there was a firemen's celebration with music when he arrived, which so elated him that he almost broke through the car. The music appeared to revive his recollections of the glories he had attained to under the same strain. —*Phil. Sun.*

Gen. Taylor's Will.—A Washington letter says:—We learn that General Taylor, whilst at Monterey, in July 1846, made a will for the disposition of his property among his wife and three children, Richard, Mary Elizabeth, and Mrs. Wood, in case he should not return from Mexico. No subsequent writing in relation to this subject was executed. The parties, it is understood have agreed to make a division in accordance with the desire of the deceased, expressed at the time mentioned. The amount of the property is estimated to be at least $100,000.

Too White.—The Milwaukie *Democrat* tells us that Frederika Bremer, the other day in Wisconsin, was invited to sit near the fire where some other ladies were seated, but replied, "No, no; you American ladies are very handsome, but you are too *white*. You sit down by a fire of your own making and neglect the great fire that God has placed in the heavens, which would give you health and better color." Quite right.

BY TELEGRAPH.

Washington, Tuesday, Oct. 29th.

The Republic and Intelligencer of this morning contain a correspondence between President Fillmore and the Secretary of the Navy, relative to providing a ship of war to convey articles of American manufacture to the World's Fair at London.

The President in his letter fully approves of the proposition, and preparations are to be made accordingly.

Secretary Graham, in his correspondence, prefers that a store ship should convey the articles to London instead of a frigate or sloop of war.

The Intelligencer is in favor of sending a government war vessel. The President has left it with the Secretary of the Navy to make such arrangements as shall best suit him.

Our Friends are referred to *Jewett & Prescott's*, No. 2 Milk Street, Boston, where will be found an assortment of Shawls, Silks and Cloak Goods, fully characteristic of the establishment in point or quality, styles and low prices.

A GREAT CHANCE TO MAKE MONEY To lease for five years, from October next, my Confectionary Store, in South Touro Street, with a good run of custom as ever I had for the last 22 years, and always will have as long as the Creams are continued to be made like YOSE'S Opposition after opposition has come from New York and other places, with flaming advertisements, but it was of no use—advertisements alone don't add to the richness of the Cream. I will also sell all my fixtures, marble tables, carpets, soda works, moulds, pyramids, baking utensils and everything to carry on the business with all the "secrets of the order" or trade. Any one wishing to buy that don't understand the business can work with me through the Season and become initiated in the business, ready to carry it on. The business is a good business, and the reason that I give it up is because it has been so. For further information inquire of

PROFESSOR A. C. BARRY'S
TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close — All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.— It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Whinchendon, Worcester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars*, one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures, and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing Apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord. For further particulars enquire of EDWARD BARKER, Second street, Newport, or by post paid application to

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION,

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will henceforth be known by the name of the NEW ENGLAND TEA COMPANY.

☞ Remember that the only Stores of the Old Original Tea Company are at 51 Westminster Street, Providence, and 130 Washington Street, Boston, and are distinguished by the name of the NEW ENGLAND TEA COMPANY.

TO FAMILIES,

they offer, in 6 lb. boxes, lined, and rendered impervious to the air,

As the evenings are getting longer, it is of great importance to economise in our *lights*, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always made, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Pine Oil and Burning Fluid to call at once, for it stands in the same proportion to quality as our safety Camphene does in comparison with the trash furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I dont hesitate in saying I can give the public a better and fresher article than can be purchased elsewhere.

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and other impure diseases of the blood—and if the VERY SMALL QUANTITY taken was used of a Medicine to affect cures of such diseases, be any proof of the purifying medical power in the Medicine which has relieved and conquered such diseases—then there is unquestionable evidence that—

BRANT'S INDIAN
PURIFYING EXTRACT

Is such a Medicine, in every respect; and there is abundant proof, in great cures effected, that ONE BOTTLE of it contains more purifying, healing virtue, and medical power, than there is contained in FOUR BOTTLES of any Sarsaparilla, or any other medicine that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great Indian Purifier, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS and otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested ALL the Sarsaparillas and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest;

because *one bottle* of it has *more* medical, curative matter in it, and, in consequence, cures *more disease*, in much less time, than *one bottle* of any other medicine.

If, then, one bottle of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than one bottle of Sarsaparilla—"BRANT'S PURIFIER" would be as *cheap* at four dollars a bottle, as *sarsaparilla at one dollar*. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it has cured, and is *capable* of curing, *FOUR TIMES* as much disease as a bottle of *Sarsaparilla*, therefore, Sarsaparilla, in consequence of its less power and less medical efficacy, should be sold at no more than *twenty-five cents* per bottle, to be as *cheap* as the PURIFIER at one dollar.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth* of *BRANT'S PURIFIER* cure? Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a *dying man* who *yet lives*. He was cured of a worse case of SCROFULA, by only twelve bottles of Brant's Purifier, than ever was cured by the use of twelve GALLONS of the best *Sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *resolutely hopeless case*.

Mr. J. B. HASKIN, of *Rome, Oneida Co., N. Y.*, had Scrofula four years—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used ALL of the *best Sarsaparillas* to no good effect—got *worse and worse*, and was considered to be in a *dying state*, and could not live *twenty-four hours longer*, when he commenced using BRANT'S PURIFIER. His *neck* was *eaten nearly off, from ear to ear*; a *hole* was eaten through his windpipe, under his chin, so that he breathed through the hole; his *ear* was so eaten around that it could be *lifted* out of its place, it only holding by a *small piece*; the use of one arm was destroyed by two ulcers; an ulcer under the arm, as large as a *man's hand*, had nearly *eaten through his side into his body*. Thus he was afflicted with *twenty* such *putrid, acrid, offensive ulcers*, on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin the *day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world could not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S *statement* of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*, of *Bissell & Leonard*, druggists of Rome. I commenced using that, and *began to get better*. That bottle *enabled me to get off my bed*, where I had been confined one year, the *second bottle* enabled me to get out of the house; the *third bottle* enabled me to *walk two miles*, to Rome Centre, where I procured *six bottles more*; and when I had finished using them, *seventeen* out of *twenty* ulcers had *healed up*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health*."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. B. B. BROWN, proprietor of the *West Rome Hotel*—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses*.

CANCERS CURED.

Mr. O. H. KINNEY, merchant, *Clinton, Oneida county, N. Y.*, informed us that a cancer-doctor in said county was effecting wonderful cures of Cancers through the agency of BRANT'S PURIFYING EXTRACT. A doctor in [illegible] county, N. Y., is also using all [illegible]. A. E. SETTLE, druggist, at Canajoharie, Montgomery co., N. Y., has informed us of an important cure of a Cancer of long standing, which was effected in [illegible] of that place. If, therefore, this PURIFIER cures Cancer, by its purifying, healing power, what impure disease of the blood can it not cure? Seven years' experience and trial says there are none but what it will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York, wrote to us: "I have just received a letter from Mr. [illegible] Dunning, relative to the cure of his Fever-sore. You may depend on what it states, for he is a Christian man and an elder in the church. Some years since he had one of his legs *cut off*, to save his life, in consequence of a Fever-sore. The other leg being now affected, and about to be amputated, I recommended BRANT'S Medicine. Read the result. He says: '*I have used only three bottles* of BRANT'S MEDICINE. *I placed* [illegible] *from your recommendation, in that Medicine*, and I can now say that, with the *blessing of God, it has effected a cure of my leg.*'" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of *Stamford, Conn.*, one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured* by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS,

No remedy offered to the public has ever been *half as certain and effectual in restoring all* the incidental weaknesses and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess*, or other weakness—it REGULATES ALL, by *strengthening the SYSTEM, equalizing the CIRCULATION*, and *soothing and allaying* NERVOUS IRRITABILITY. See pamphlets.

CHANGE OF LIFE,

from the *girl* to the woman, and the *woman of* [illegible]—the one rate is *accelerated*, and the other so *gradually* [illegible] *proved*, as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, *Genesee Co., February 1, 1848.*

"M. T. WALLACE & CO.—*Gentlemen*: I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *cured and relieved the usual pain after eating*. I therefore used a second bottle, which has completely cured the disease. I am now well and hearty, and I can eat almost anything without being pained, or the stomach becoming sour. *Yours respectfully*, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LEUCORRHŒA, &c.

"BYRON, *Genesee Co., N. Y., Oct. 19, 1847.*

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *Leucorrhœa* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until our skill was exhausted in useless efforts. She became so very a skeleton, at the time she commenced taking *Brant's Medicine*, she weighed no more than eighty-five pounds; but by the time she had taken *four bottles*, she became perfectly well. The cure is so perfect, that she is now enabled to do all heavy household work, and gained thirty pounds of flesh in four weeks. Yours truly, C. H. GALENTINE."

The reader will observe that Mr. GALENTINE says "our skill." He, we are informed by Z. S. TERRY, Esq., of the same place, has studied medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and thorough eradicator of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system*; and it restores the *blood, muscles, and all the parts affected*, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOUTSTANDER, merchant, *Berlin, Lorain Co., Ohio*, wrote, December 19, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, says: "I have personally used *BRANT'S PURIFYING EXTRACT*, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used. In every instance where we have sold BRANT'S MEDICINES, they have *proved their efficacy*, and given the BEST SATISFACTION."

SALT RHEUM,

and all impure *chronic diseases of the blood*, are always cured by *BRANT'S EXTRACT*.

DR. CHRISTIE'S
GALVANIC BELT, BRACELET NECKLACE
AND
MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

Is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

Including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all *hope* of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys. But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is entirely *cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

BRANT'S INDIAN
PULMONARY BALSAM

cures very many of the most *strongly marked and developed cases of* PULMONARY CONSUMPTION—*real, undoubted cases of ulcerated and diseased* LUNGS—such HOPELESS cases as were never before cured by any other medicine. *So utterly hopeless* were some of the afflicted persons, as to have been pronounced by *physicians and friends* to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS*, and elsewhere *internally, as certainly and easily as* the PURIFYING EXTRACT *cures* and *heals ulcers externally*. This Balsam cures NINE *cases* of *Cough* and *Consumption* out of TEN, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery* and *Summer Complaints* in *Children* and *Adults*, and ALL FEMALE WEAKNESSES.

CONSUMPTION.
A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, SO FAR GONE, that the SHROUD and BURIAL-CLOTHES *were bought!* For the *particulars of this case*, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many others, almost equally hopeless, and innumerable cases of Coughs and Consumption* CURED, which were *pronounced incurable by* SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs*, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith, now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved*, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania*, wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years*, was cured by the use of BRANT'S *BALSAM*.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was so *destroying* and debilitating *his body*, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon *inhabit a grave*. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has *unclenched* the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man*."

S. D. HANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with MR. CROCKET, *and testified to his cure, and all the above-named facts.*

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., *of East Oswego, Oswego Co., N. Y., respectable druggists*, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM*, and its medical efficacy has raised her from a dying bed, so that she is now *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that it *has raised some as if from the* GRAVE—some that physicians and all the *friends* said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it *was useless to take any more medicine.* He then, *when no hope was left*, began to take BRANT'S BALSAM—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.*, wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all *friends*, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.*, wrote, August 21, 1843: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die*. When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs*, and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the county. He used *only five bottles*. It has also cured a young lady of *Consumption* in Orleans county, which her father says *no doctor could cure*."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction*, than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *sickness* and severe sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE *with a Consumption of the Lungs*. After they had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and *now she is well!*"

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, *in children or grown persons, cured without any failure whatever*. Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum*, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *twice as large potions* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL.

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.*, wrote to us, January 1st, 1849: I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cures* of CONSUMPTION produced by it here, in Monticello, Sullivan Co., New York about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit these persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly*, and give *better satisfaction*, than all the other medicines we have for sale.

LIVER COMPLAINT,
JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS,

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,

Prepared by
DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored ventirel to health

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"Patent Medicines."

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors *speak* of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all billious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!

The Handsomest, Cheapest, and Best Article for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced and now very extensively used by the public.

Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light.—Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell, while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.
